Fun Fly Challenge

The last fun fly challenge following the meeting on March 2nd, was great with 8 contestants. Paul organized a challenging event with a climb & glide competition. The individual with the longest overall time was the winner after two attempts. Individuals only had 20 seconds for the climb. Engines were shut down or throttled back and were challenged to sustain the longest glide time. The clock started with wheels lifting off and stopped with wheels touching down OR engine re-engaged in flight.

The winners and times were in the following order:

- (1) Sean (1.48 min) [**Winner and new to Flying RC**]
- (2) David (1.34 min)
- (3) Paul (1.28 min)
- (4) Brady (1.16 min)
- (5) Conrad (1.00 min)
- (6) Mike (0.97 min)
- (7) Dan (0.95 min)
- (8) John (0.36 min)

It's unknown and still a mystery what the next challenge will involve - so, bring a trainer or some forgiving sport plane (electric or glow) and come on out.
