**Hello Club Members,**

We hope you had a wonderful thanksgiving and are using these cold spells for those winter build projects or refurbishing old planes for spring 2026 flying. That said there are a number of events and items we all need to be aware of.

**1)** The December Monthly Meeting on Saturday - Dec 6, 2025 @ 1PM at the Field; and,

**2)** This is an important meeting, as this is where club officers nominated in the November meeting will be voted into office. Your attendance and input are appreciated.

**3)** Just as a Friendly Reminder, the 2026 Membership Dues are now payable. The Renewal/Join form was recently updated with a new PO BOX ADDRESS. This updated form can also be found on the TexomaRC FaceBook Page under the Files Section. We have yet to finalize any online payment system. As such, bring your

checks and completed form to a meeting or mail to Robert Crook via USPS - his address is on the attached updated form.

**4)** On January 1, 2026 - the club will be having the Frozen Icy-Carb Fun Fly commencing at 9AM. If you're flying electric, we'll abridge this to the Icy Speed Controller and you're invited to fly those as well. Or, if you have an old carb laying around, just tape it to your electric powered aircraft.

**5)** Over the 2025 Season a number of projects were completed as follows:

- Installed new LED lights and updated Ground wiring (completed)
- Moved the large storage shed (completed)
- Removed the small storage shed (completed)

**6)** Projects planned for 2026 are as follows:

- Parking Lot Gravel (pending material availability)
