End of 2025 Newsletter

(December 30, 2025)

Hello all TexomaRC Members. This is brought to you by the Texoma RC club:

In this Newsletter

- 1) Presidents 2025 Summary
- 2) Next Meeting
- 3) Dues for 2026
- 4) New Years - Frozen Carb Day
- 5) 2025 Projects Completed
- 6) Planned 2026 Projects

Attachments

- Frozen Carb Fun Fly Rules
- 2026 Renewal Form
- 3D Rodeo Flyer
- TexomaRC 30th IMAC Challenge Flyer

If you've received this email in error and no longer wish to receive TexomaRC notification's, simply unsubscribe at the end of this notification. To re-subscribe if you clicked it in error; please send a notification to the address listed.

Hello Club Members & Friends,

(1) Presidents Summary Message - We hope you had a wonderful Christmas Holiday and as 2025 closes we are looking forward to 2026. There are several events already scheduled, combat in March, the scale event in May, float-fly in June, 3D/Freestyle Rodeo in July, IMAC in September, and the Pete Darter (TBD).

As a reminder all memberships renew on January 1, please remit dues to Robert C. at the meeting on Saturday. Remember late fees begin accruing in February.

To follow the work completed on the electrical for the RV hook-ups, concrete starting pads, and canopy lights that we completed last year, the board has identified several other tasks for 2026. Those items include more Facebook presence, website

modifications, and continuing the filed improvements started last year with the relocation of the mower shed.

As in years past, I encourage each of you to look at the AMA calendar and pick some events at other clubs to attend. There are many within a 2 hour or so drive that can be attended without staying overnight.

We also hope you continue to use these cold spells for those winter build projects or refurbishing old planes for spring 2026 flying. That said there are a number of events and items we all need to be aware of.1) At the December Monthly Meeting, the 2025 Board was voted back in for the 2026 Year; that's David Taylor (Pres), John Flanders (VP), and Robert Crook (Treas). **Congratulations**

2) Next Meeting - Also, note there is a meeting this coming Saturday and will be the first official club meeting for 2026. This will be at the field commencing at 1:30PM.

3) Dues for 2026 - Just as a continued reiteration and friendly reminder, the 2026 Membership Dues are now payable and expected by January 1. After February 1, late fees will accrue so don't forget. Also, the Renewal/Join form was recently updated with a new PO BOX ADDRESS. This updated form can also be found on the TexomaRC FaceBook Page under the Files Section. We have yet to finalize any online payment system. As such, bring your checks and completed form to a meeting or mail to Robert Crook via USPS - his address is on the attached updated form.

4) New Years Day Fun Fly - On January 1, 2026 - the club will be having the Frozen Icy-Carb Fun Fly officially commencing at 10AM. You may show up when you want and start flying; but note, the fun competition starts at 10AM. Rules are also included below.

5) 2025 Work Improvement Summary - As a summary from above, over the 2025 Season a number of projects were completed as follows:

- Installed new LED lights and updated Ground wiring
- Moved the large storage shed
- Removed the small storage shed
- Installed new cement startup pads
- Touched up painting to the pit area

6) The projects planned for 2026 - are as follows:

- Add 2nd Taxiway (fabric)

- Parking Lot Gravel (pending material)
- Reroute the RV Gate and Traffic route
- Resurface Runway and fix ramps (potential)
- Stripe Runway
- Begin planning stages to expand the covered pit area
- Begin planning to update clubhouse/connex box replacement

Rules for the Icey Carb Day 2026

For the Icey Carb Day on January 1, 2026 we are going to do things a little different. In the past we have just had an open flying all day. This year we will officially begin the Icey Carb Day at 10:00 am and complete the event at 2:00 pm. The rules will also be different. In lieu of giving gift certificates or physical prizes, we will do a 50/50 drawing shortly after 2:00 pm on Thursday. Each participant in the Icey Carb Day will pay an entry fee of \$5.00. Tickets will be awarded as follows:

1. Entry fee - 1 ticket
2. The first fly (defined as the first plane to take-off when the buzzer sounds at 10:00 am) - 1 ticket
3. For each flight completed (defined as walking from the pits, take-off, one circuit of the field in a typical oval pattern with one turn that extends past the north end of the runway and one turn that extends past the south end of the runway with straight and level flight that is a minimum distance equal to or greater than the length of the runway, landing, engine shutdown or cut-off, and walking back to the pits for refuel or new battery, additional flight maneuvers can be added during the flight) - 1 ticket (max of 5 tickets)
4. The most airplanes present (must be flown to qualify) - 1 ticket
5. The last flight (defined as the first plane to land when the buzzer sounds at 2:00 pm) - 1 ticket
6. The longest flight - 1 ticket

No one can receive more than 10 tickets. The 50/50 drawing will be held as soon as all planes land after 2:00 pm.

See you on Thursday. Field will be open for flying all day. It is not mandatory to participate in the 50/50 drawing, but it is encouraged.
