***Hello Club Members & Friends,***

**(1) Opening Remarks from the Editor** - We hope the Big Freeze didn't get you too bad. We have reports from some members who had to go out and drive their kids to work and others who actually incurred major damage from the ice, taking down porches and patio covers. A few cars spinning out as well. And a moment of silence for the young kids who lost their lives in some ice/snow related tragedies.

**2) Workday and Meeting** - has been set for **Saturday March 7** (weather

permitting); For the workday, some of the items lined up are; weeding the fenceline near the ditches; trimming the trees adjacent to the fence lines; relocating some grass piles; and if time permits, shore up some of the fabric ramp material where it's torn up and uneven underneath.

**3) Membership Dues** - The deadline was January 1, please remit dues to Robert C. at the next meeting or via USPS; but, don't forget the \$10 late fee. Form is attached or available on the Facebook Page under FILES.

**4) Online Renewals & New Website** - This option is in the works and still under research and development by the club board members. The new website is up and running and is ready to activate online payment processing via a referred process to PayPal to handle Payments and Security once the online process has been activated with the clubs' bank account. Otherwise, the new URL for the website is <https://TexomaRC.club> - at this time, like our RC Models, the site is flying but still under a trimming process to ensure balance between information being delivered and speed.

**5) TexomaRC Scheduled 2026 Events:**

**3/20/26 - Lonestar Combat Nationals**

**5/23/26 - RC Scale Event**

6/??/26 - TexomaRC Float Fly (TBD)

**7/10/26 - 3D/Freestyle Rodeo**

**9/18/26 - TexomaRC 30th IMAC Event (Anniversary)**

**10/10/26 - Pete Darter Fly-In & Swap Meet**

**6) The projects planned for 2026** - are as follows:

- Weed the Field & Trim the Trees
- Install Removable Swivel Seats for Pilots
- Add 2nd Taxiway (fabric)
- Parking Lot Gravel (pending material)
- Reroute the RV Gate and Traffic route
- Resurface Runway and fix ramps (potential)
- Stripe Runway
- Begin planning stages to expand the covered pit area
- Begin planning to update clubhouse/connex box replacement

**7) Survey Link** to whether the Club should explore technology integration with the clubs website as a means to improve services to its members; and, how much tech

should be employed. Your response would be most appreciated. [Click Here for a Link to the Survey.](#)
